PianoNotesFinder Crack Activation Code Download

PianoNotesFinder is an application that helps you learn to play the piano. It can be used on a real piano and/or on a virtual keyboard displayed on your screen. PianoNotesFinder's purpose is to let you see the layout of each key of the instrument. This way, you can easily navigate on the piano's keyboard and try to play the musical notes of any song in a matter of minutes. Features: ♦ Support multiple keyboards: you can switch between a virtual and a physical keyboard. ♦ Display of the most common musical notes: A, B and C as the primary keys; DO, RE, MI as the corresponding solfeggio. ♦ View of the white and black keys of the instrument. ♦ Synthesized sound of the instrument. ♦ As you play, notes and keys are overlaid on a piano display of your keyboard. ♦ Display of the notation of a song or of a given key. ♦ Record a new song on your virtual keyboard and store it in the application, without the need for any third-party application. ♦ Share your music sheets with friends. ♦ The application is made to be used on smartphones, though it can be used on a PC as well. How to install PianoNotesFinder on your PC or Mac
PianoNotesFinder is a quick and easy to use application that can help you learn how to play the piano. To use the application, you first have to download and install it on your PC or Mac.
